**Vendor Criteria:** There are many things the committee looks for and our decisions are arrived by lively discussions and hours of looking over applications. We have many applicants and the decisions are always tough. Some of the things the committee looks for during application reviews are: duplications of products, appearance of booth and professionalism of those who will be working with the public, attitude, friendliness, timeliness and neatness of application. Often times a vendor is not accepted simply because of duplication. **We try to get a variety of items to help you make money and to keep the interest of those attending the festival.** Thank you for respecting the job of the volunteers who make up this committee.

**COMMITTEE DECISIONS ARE FINAL.**
